# Report of the Superintendent of Schools

The following annual report of the schools of Sumner is respectfully submitted to the S. S. Committee and Citizens of Sumner.

The attendance for the winter terms has not been up to our usual standard owing largely to the extreme cold and severe storms; and at the Morrill the epidemic of chicken pox. Aside from this, we have had a very successful school year; both teachers and pupils have worked hard and excellent results have been obtained in several of our schools.

After July 1, 1918, we shall have union supervision throughout the state and I trust it will prove satisfactory to all and that you will extend to your new Superintendent the many courtesies you have to me.

I want to thank all who have helped to make my work pleasant for the past four years.

JENNIE H. BONNEY, Superintendent of Schools.
